L'intuition est l'échelon le plus élevé de la conscience. Elle n'appartient pas à l'intellect. L'intellect peut la sentir mais il ne peut pas l'expliquer. L'intuition voyage sans véhicule, c'est un saut, un bond. Elle survient sans causalité, sans aucune source, où que ce soit, juste un saut du rien à l'être. La raison la nie parce qu'elle est incapable de lui faire face. L'intuition vous guide uniquement vers vous-même. Elle n'a aucune dépendance, aucun besoin de l'autre, d'où sa beauté, sa liberté et son indépendance. Le mystique dit : quoi que vous fassiez, l'existence restera inconnaissable, un mystère. L'inconnaissable est la beauté, le sens, l'aspiration, le but. Il donne un sens à la vie. Il est le secret. L'intuition est la manifestation de l'inconnaissable. Elle relève de l'âme et du subtil. Elle rend possible l'art, l'esthétique, l'amour, l'amitié. Elle donne du sens, de la joie, de la grâce. Elle vous apporte un silence immense, une sérénité inaliénable. La méditation est simplement un coup frappé à la porte de l'intuition. L'intuition est votre conscience, votre être. L'intuition est la rose mystique qui vous guide vers l'extase ultime et votre vie devient une fête constante.

The path to freedom is filled with questions and uncertainty. Is it possible to truly know who we are? Do our lives have a purpose, or are we just accidental? What are we meant to contribute? What are we meant to become? To create and to share. In the book of understanding, Osho, one of the most provocative thinkers of our time, challenges us to understand our world and ourselves in a new and radical way. The first step toward understanding, he says, is to question and doubt all that we have been taught to believe. All our lives, we've been handed so-called truths by countless others. Beliefs we learned to accept without reason. It is only in questioning our beliefs, assumptions and prejudices that we can begin to uncover our own unique voice and heal the divisions within us. And without, once we discover our authentic self, we can embrace all aspects of the human experience, from the earthy, pleasure-loving qualities that characterize Zorba the Greek to the watchful, silent qualities of Gautam the Buddha. We can become whole and live with integrity, able to respond with creativity and compassion to the religious, political and cultural divides that currently plague our society. In

this is one of the most fascinating talks by osho on meditation we gain a deeper understanding and an actual experience about meditation through this talk which brings us into a space of meditation he describes meditation as the very center of his teaching efforts the very womb out of which one is going to be re born to say something about meditation is a contradiction in terms it is something which you can have which you can be but by its very nature you cannot say what it is still efforts have been made to convey it in some way even if only a fragmentary partial understanding arises out of it that is more than one can expect from a a series of talks from misery to enlightenment by osho
